UTCs PHASE 2

UTCs to generate Action Plans & Commitments' Collective Road Maps (see Guide to UTCs 2017)
UTCs PHASE 2: Action Plans, Commitments, Collective Road Map

UTC OUTPUTS:

1. **PRIORITY ACTIONS:** Urban Thinkers should define their priority actions. They should agree on those in roundtables after a series of urban labs and urban thinkers’ sessions.

2. **COMMITMENTS:** They should bring their individual organizations commitments at roundtables of negotiations after a series of partner group sessions.

3. **ACTION PLAN:** They should then define an action plan combining all priority actions and commitments of all stakeholders presented in plenary.

4. **ROLE SETTING:** They should agree on roles and responsibilities of stakeholders.

5. **ROAD MAP:** The final outcome of each Campus should be an agreed implementable road map with key milestones presented in plenary.

6. **SHARING:** The above should be shared publicly through all WUC outreach channels (website, social media, newsletter, emails and others).
